Sail Numbers of Racing Yachts

The section of the Register dealing with Racing Yachts is designed to list, under the respective classes, the sail numbers and names of yachts of the International Rating, R.Y.A. Handicap and Ocean Racing Classes, etc.

It should be mentioned that the information published is supplied by the appropriate National Authority or by the Class Secretary, and the Society is dependent upon their co-operation in keeping this section as up-to-date as possible.

Identification of Racing Yachts

In accordance with Racing Rule No. 25 of the International Yacht Racing Union, yachts must identify themselves as follows:—

International Classes

Every yacht of an international class recognised by the I.Y.R.U. shall carry on her mainsail, and as provided in (d) (iii) on her spinnaker:—

(a) An emblem, letter or number denoting the class to which she belongs.

(b) A letter or letters showing her nationality, thus:—

A	Argentine	F	France	KB	Bermuda

PU	Peru	TA	Taiwan	Z	Switzerland

(c) A distinguishing number allotted to her by her national authority. In the case of a self-administered international class, the number may be allotted by the class owners' association.

Assuming a Flying Dutchman yacht belonging to the Argentine Republic to be allotted number 3 by the Argentine national authority, her sail shall be marked:

FD
A — 3

On sails made on or after 1st April 1977, a yacht's national letter(s) shall either be separated from her distinguishing number by a horizontal line approximately five centimetres in length or be placed above the number.

When there is insufficient space to place the letter or letters showing the yacht's nationality in front of her allotted number, it shall be placed above the number.

(d) (i) Unless otherwise prescribed in the class rules, the class emblems, letters or number, national letter(s) and distinguishing numbers shall be above an imaginary line projecting at right angles to the luff from a point one-third of the distance from the tack to the head of the sail; shall be clearly visible; and shall be placed at different heights on the two sides of the sail, those on the starboard side being uppermost, to avoid confusion owing to translucency of the sail.

(ii) Where the class emblem, letter or number is of such a design that when placed back to back on the two sides of the sail they coincide, they may be so placed.

(iii) The national letters and distinguishing numbers only shall be similarly placed on both sides of the spinnaker, but at approximately half-height.

(e) National letters need not be carried in home waters except in an international championship.

(f) The following minimum sizes for national letters and distinguishing numbers are prescribed:

Height: one-tenth of the measurement of the foot of the mainsail rounded up to the nearest 50 mm.

Width: (excluding number 1 and letter I) 66% of the height.

Thickness: 15% of the height.

Space between adjoining letters and numbers: 20% of the height.

Classes which have a variable sail plan shall specify in their class rules the sizes of letters and numbers, which shall, if practicable, conform to the above requirements.

Other yachts shall comply with the rules of their national authority or class in regard to the allotment, carrying and size of emblems, letters and numbers, which rules shall, when practicable, conform to the above requirements.

R.Y.A. Handicap Classes

The R.Y.A. Handicap Classes were assigned the numbers 1 to 99. The first 99 numbers having been exhausted, a second series of 1 to 99 was assigned, and subsequently a third series with a letter "Y" added was employed, thus:

1 Y 2 Y, etc.

(*See List of Yachts on pages 875–886.*)

Ocean Racing Classes

The United Kingdom Ocean Racing Class numbers are allotted to British-owned yachts having an I.O.R. rating by the Rating Secretary of the Royal Ocean Racing Club as the National Rating Authority and will, in future, be prefixed by the letter K. They will, in future, issue numbers in accordance with the Class in which they estimate the yacht will race: e.g. a yacht in Class 3 will be given a number between 3000 and 3999.

Numbers for other countries are as provided by the National Authorities concerned.
